CONDITION	Good

About this piece

Arts and Crafts, c.1900. A pair of dome-shaped glass shades in Vaseline and uranium glass, typical of the luminous tonal range used in early twentieth-century lighting design. Each shade is hand-blown with a smooth domed profile and soft iridescent surface, producing a gentle opalescent glow under illumination. This form reflects the **Arts and Crafts Movement's** interest in natural materials and handcrafted simplicity at the turn of the century.
