About this piece

An impressive pair of tall Arts & Crafts silver plated candlesticks

These candlesticks feature semi-precious cabochons to the stem and to the central knob, decorated with stylised floral detailing on eight lions paw feet. In a medieval style with a strong Gothic Revival influence, there is no makers mark. These may well be an earlier pair of candlesticks with a later inscription.

Inscribed to one side in memory - **Frank Parish** - *9th May 1906*.
