About this piece

Twin-handled vase in **ceramic** from the *Art Nouveau* movement (**1890–1910**), **c.1900**, of Continental origin. The tall cylindrical body with sweeping handles is decorated in coloured glazes of blue, green, and white, featuring hand-painted floral ornament characteristic of *Art Nouveau* naturalism. The design expresses the organic line and rhythmic symmetry central to the movement's Continental interpretation, serving as a decorative object for mantel or display.
