About this piece

A Royal Doulton Lambeth. Gothic Revival. A comical Jug depicting a monk in three scenes eating his dinner and getting rather drunk. The first scene his plate is full and he's beginning to eat the roast chicken and drink. There is a bird to the lower left side and a flagon of Mead to the right. The second scene he is half way through his dinner and flagon looking rather happy and enjoying himself. The third scene he has finished his meal and nodding off rather drunk from polishing off the flagon which is laying on it's side and the bird has now jumped up on to the table and is finishing of the scraps.
