About this piece

Shapland and Petter. An Arts and Crafts oak sideboard in the Glasgow Style made by SandP using the best 1/4 sawn oak giving that wonderful grain figuring, with a purple enamel heart to the top back with subtle carved detail surrounding it and an open serving area in front and a large bow fronted drawer with a cupboard below and further Purple and Green stylised floral enamels again with sculptural carved floral details surrounding them, the central section flanked by a pair of tall cupboards with wonderful stylised Glasgow Roses in circular stain glass panels. The sweeping arched detail to the lower front uniting the front legs with curved details to the lower sides all on moulded flat oblong feet. This is one of the very best Shapland and Petter sideboards I have ever come across. Last image from The Studio. Height 51 1/2", Width 64 1/2", Depth 23 1/2" at the centre of the drawer. Circa 1900.
