About this piece

An exceptional quality Arts and Crafts mahogany sideboard by Shapland and Petter

The top shelf with shaped supports below. A wonderful stylised floral copper panel to the back and stylised cut outs to the sides, top quality hinges and handles, two drawers with curved fronts.

Circa 1900. For some reason, most of the images have got a funny tinge to them; the main sideboard picture 1, 6, and 7 are its true colour.

Height 64", Length 54", Depth 23". *Circa 1900.*
