About this piece

A rare cast iron fire insert designed by Thomas Jeckyll. Made by Barnard Bishop and Barnard. Rare because it still has its original fan, they are usually always lost. This one has been specially cast without the sides boarder so a little smaller than the standard size. Registered Design BT 48/44. no 329036. 15th November 1878. Height 36", Width 36", Opening Height 24 1/2", Opening Width 18"
